Traditionally, Agora stations also broadcast a special Charity Advertising Block. Between 8:00 and 8:30 a.m. Total income from the block was donated to the Association of Parents and Friends of Children with Hearing Impairments in Krosno. The organization helps children with hearing disfunctions and income from the advertising block covered the cost of the therapy for children with hearing impairments, off-site therapy tours and integration activities.

Polish Radio Day was established to commemorate adopting a document outlining the premises for radio regulations in 1923.
